Complete the form for each calf: please note the Registration Status drop down box allows you to choose between **Registration/Notification of live calf/Notification of dead calf**

Any warning will appear in green, fatal errors will appear in red. You cannot over-ride fatal errors, these must be fixed before you can submit your batch
Use the drop-down boxes for recently used sires and active females in your herd.
When manually entering UK Tag for sire or dam you must input the tag number in the correct format ie UK581234-200456 (you must enter the - in the correct place, no dots, slash, spaces etc as the database will not recognise the animal)
Click Go
